

G 191 ICS / EOC Interface

APS Required Course

July 11, 2012 delivered here at the ROIC

This course will enable the participants to develop an effective interface between the Incident Command and the Emergency Operations Center (EOC) by applying Incident Command System (ICS) principles.

The target audience includes personnel associated with: On-scene Incident Command.

EOCs and Multiagency Coordination (MAC) System entities.

This 1-day course works best when delivered to incident commanders, command and general staff, and emergency operations center personnel from the same community. Exercises and group discussions are used extensively to allow participants to begin developing an interface plan for their jurisdiction.

G270.4 - Recovery from Disaster - The Local Government Role

APS Required Course

June 19-20 delivered here at the ROIC

The goals of this course are to:

- Increase local government awareness of issues involved in disaster recovery.
- Provide a forum for discussion of “lessons learned” in disaster recovery at the local level.
- Promote the development of a pre-disaster recovery plan.

The target audience for this course includes the following local government positions and allied professionals:

Local elected official (Mayor, City/County Council Member)

- City/County Manager
- Finance Director/Assessor
- Emergency Manager/Staff
- Public Works Director/Staff
- Building Inspector/Staff
- Community Planner/Staff
- Health Care Administrator or Planner
- Public Information Officer
- Housing Director or Planner/Staff
- Voluntary Agency Coordinator or Unmet Needs Committee Coordinator
- Business Organization Representative
- Administrative Director/Manager
